Larry/Gerald,

Here's a briefing sheet for the Wed noon DOD meeting/call. On the pre-brief call Friday, Louise Wise said she'd like us in R6 to take the discussion lead on points 1 and 2 during the meeting. Per Mark's note below, you may want to forward to the other folks.

Alternative Asbestos Demonstration Project

One of our Action Items from last Friday's conference call with Louise Wise was to develop some talking points in response to DOD's "5 questions".

In conjunction with our colleagues at ORD, we have drafted the attached briefing sheet. Please review and change at your discretion and forward to Larry Starfield and Gerald Fontenot following. I believe that Larry may want to share this with Louise Wise and others (Bill Farland, Carol Holmes) prior to the meeting on Wednesday morning.
